

# Teacher Challenge Week

You can help build a school in Africa by doing something a little challenging and getting your kids to pay for it!

**The Teacher Challenge is March 15-25.**

Let's continue the Foothill tradition of staff and students coming together to accomplish the amazing and inspiring.

Your Foothill for Africa representative will come back on **Tuesday, March 8**, to collect this slip so they can create a master list of activities. If each teacher can raise \$100, it will total \$3,200!!

Here are some ideas to consider offering up to your students. Thank you to Mrs. Perez's ASB class for many of these suggestions!

- \* arm Wrestle students
- \* push up challenge on stage
- \* dive into jello in a kiddie pool
- \* one-legged race
- \* jump roping
- \* anyone singing
- \* dancing to GaGa
- \* dance contest
- \* rap contest
- \* pull-up competition
- \* "make-over" a male teacher-the person doing the make-over is blind folded
- \*perform interpretive dance in my class for my students only (if you do this, you are the best teacher IN THE WORLD)
- \* Dance team instruct a group and then the teachers perform
- \* teacher's parking spot raffle
- \* dye hair the colors of Sierra Leone flag
- \* wear tutu for two weeks (male)
- \* all teachers cross dress for a day
- \* pie eating contest (no hands)
- \* teacher bring treats for classes
- \* movie day for classes
- \* no homework for a weekend
- \* class outside for the day

A **senior hero will be in charge** of making a **poster for your door** displaying your specific challenge(s) and will **provide you a container** for collection of cash. The collection is for ALL of your classes, not a specific period. Your senior hero will arrange to count your money. All you have to do is motivate your kids to give beginning March 15 and then pay up! This means that a student with six periods could put \$1 in each of her teachers' containers and all of her teachers would fulfill their challenge! Consider doing something more extraordinary for more than \$100!

---

I, \_\_\_\_\_ am willing to

For \$\_\_\_\_\_ (please try for \$100 minimum)
